

Pullers Inc. Newsletter

04/2011

Hello Pullers and families,

We are off to another exciting year, I hope all is well with you, your family and your favorite pulling machine....

I have enclosed a current 2011 pulling schedule, rule changes and club info. PLEASE READ OVER EVERYTHING very carefully. If you have any questions, please call Nancy at 920-565-2318 or Gary at 608-963-5308. Gary is getting more information and new contracts every day. If you are working on contracts get them to Gary ASAP. (Note: only pulls with contracts are on the schedule.)

We regret to inform you that Mark Hamm, age 41, died on February 2,2011. Mark was a head tech official for PI and did a lot of flagging at our pulls. Our sympathies go out to his wife, Bridget Hamm and their young sons, Cammeron, Kyle and Collin. Puller's Inc did send out flower to the funeral on behalf of all members.. If you would like to send a card to Bridget, her address is:
Bridget Hamm E4512 Hwy 22 & 54, Waupaca, WI 54981

Note: SS, HF, SF, SI, NSS you must be registered and have passes in hand for Amherst pull, or you will have to pay. Please get your application and money in today to:

Nancy Sixel at 1205 College Ave, Howards Grove, WI 53083

\$150 per puller, \$50 per alternate driver and \$50 per Associate member. Each person must fill out an application.

All members must have a signed application on record before they pull or they will be disqualified.

Ben Raboine has been updating the web pages, check it out at www.pipullers.com. The rule book, pulling schedule, results, updates and the newsletter will be posted on the web page. You may also send pictures to Ben. Give him as much info as you can about each picture.

Banquet info: Mark your calender for January 7th 2012 at Ho-Chunk in Wisconsin Dells.

Kathy Gray will again be writing checks for all the winners in all classes. This worked well last year!! If Kathy happens to be at a pull, you can ask her if she has the previous weeks payout. We do not expect her to pay out that night. There is a line of command that needs to be taken before any checks are wrote out. (Non-member pulling, conflict at pull, questions on a rule, payment from organization, and or results questions)

All board member: Remember to get the results sheet and payment from the organization.

All members: Please arrive 2 hours prior to your first hook of the season to give tech officials time to tech your machine. Sauk City is a big one- be early.

Hot Farm Pullers: Remember tractors must be teched for cubis inch and pan bolts must be sealed by second hook of your tractor. If your tractor is ready to be teched, please call a Hot Farm Tech official now for inspection.

2 Wheel Drive Pullers: If your truck is ready to teched, please call Paul Flynn. He will arrange with you a time prior to the pulling season for an inspection.

Do you want to have something put in the newsletter or web page, let us know.
